Square One, Mississauga

About Me

Adaptable and quick to learn, I bring a strong analytical mindset to every challenge. My positive attitude, strong problem-solving skills, and attention to detail are the foundations upon which I build my professional interactions. Known for dedication and an exceptional work ethic, I thrive both as an individual contributor and collaborative team member. With a keen focus on responsive design, I am committed to creating exceptional online experiences.

Experience

Idol Eyecare 2021-2024

Lens technician

Skilled in the precise tasks of edging and mounting lenses into a variety of frames, including nylon, rimless, and swimming goggles.

Education

2021

Al-Kafaat University

Computer Science

Focused on web development, including courses on HTML, CSS, JavaScript, and web development frameworks. Completed projects such as developing a dynamic website for a local business, which included both front-end and back-end development. This education has provided a strong foundation in website development.

2024

Idol Eyecare

Work Certificate

Projects

A full stack E-commerce website using ReactJS and Node.js and ExpressJS that includes a marketplace and virtual eye glasses try-on with an admin dashboard to edit orders etc.
